

## USDA ENERGY AUDIT PROGRAM

### 6. CHILLERS/COOLING TOWERS:

Name/ Unit Type	Manufacturer Details	Number of Units	Capacity / Size (tons / unit)	Set Point Temp.	Annual Operating Hours
	Manufacturer: Year of Installation: Model No / MFG No:  Serial No:				
	Manufacturer: Year of Installation: Model No / MFG No:  Serial No:				
	Manufacturer: Year of Installation: Model No / MFG No:  Serial No:				
	Manufacturer: Year of Installation: Model No / MFG No:  Serial No:				

Do Chillers use Anti-friction-additives in lubricants? YES/NO

P.S.:

**Anti-friction-additives:** It is an additive added to lubricant of the chillers to reduce friction and energy consumption.
